INTERCHURCH MEET AT OSGOOD MEMORIAL

Rev. Roy B. Guild Urges Co-Ordination of Christian Forces for Betterment of Community—Rev. F. W. Coleman Extends Invitation to Meet at Trinity M. E. Church With Federation of Churches.

Rev. Roy B. Guild, executive secretary of the committee on federated movement, gave a very able and stirring address on the subject of the interchurch meeting at the Osgood Memorial church Tuesday evening at the interchurch meeting in the H. H. Osgood Memorial church.

Rev. Mr. Guild held the close attention of his audience throughout. There were many representatives of the various churches present. The arrangements were made by the Norwich Federation of Churches.

It is a pleasure to me to come again to Norwich and speak. We are here this evening for a reason, and that reason is one of our community. You go into conferences of men and the one word—community—is the test for good. There are here a number of us in this way. Today in our religious workings there are all denominations and all are working for the betterment of the community. To bring out his point Rev. Mr. Guild told of four theological seminaries in the west of different denominations who combined their forces.

He told of a certain gentleman whom he met who was in a strong favor of union religion and when he asked him: "Is it possible that this is the reason why we are not united?" He said: "I have been watching Canada's leading transportation going to the United States. I have seen the glint in their eye, and I wondered if when the church calls them they would respond so readily as they have for the king."

Have you been watching the process of recruiting men for the United States army? Let the church aid in this work. Let the men gather figures. Keep the church in mind.
